

Grand Pavilion Paint Colors

Painting of Grand Pavilion homes requires a Wild Dunes Community Association (WDCA) Architectural Review Committee (ARC) building permit for both re-painting and color changes. The colors listed below are the approved colors and were matched as closely as possible with historically-approved colors. They are a close match and may not be an exact match to your existing color. If a color change is requested, the ARC will consider neighboring homes so that two homes in the immediate area are not the same color. All paint colors are Sherwin Williams paints; however, a different paint company may be used as long as the approved color is matched.

BODY AND FOUNDATION

SHUTTERS

The shutters may be an approved color from above or an alternate color can be presented to the ARC for approval. The ARC will consider shutter colors that compliment the approved colors for the body of the house.

FRONT DOOR, GARAGE DOOR AND ACCENTS

All front door colors, garage door colors and accents require ARC approval.
